

# DAILY NEVADA STATE JOURNAL.

VOL. IV.

RENO, WASHOE COUNTY, NEVADA, SUNDAY MORNING, MARCH 14, 1860.

NO. 139.

V. & T. R. R.

Until further notice trains will arrive and leave Reno as follows:

ARRIVING.

10:30 A. M.—daily—local train from Carson.

2:40 P. M.—daily—local train from Virginia and Carson.

8:05 P. M.—daily—local train from Virginia and Carson.

8:30 P. M.—daily—express train from Virginia and Carson, connecting with all east and west bound passenger trains of C. P. R. R.

DEPARTING.

6:30 A. M.—daily—express train to Virginia, connecting at Reno with all east and west bound passenger trains of C. P. R. R.

7:30 A. M.—daily—local train for Carson and Virginia.

12:30 P. M.—daily—local train for Carson and Virginia.

4:50 P. M.—daily—local train for Carson.

C. P. R. R.

Until further notice trains will leave Reno as follows:

7 A. M.—Sundays excepted—local passenger train for Colfax, Sacramento, Benicia and San Francisco.

8:50 P. M.—daily—Pacific express for Sacramento and San Francisco. Sleeping cars attached from Carson and Reno.

11:40 P. M.—daily—westward, emigrant train for San Francisco.

2:00 A. M.—daily—Atlantic express, for Winnemucca, Battle Mountain (Austin), Palisade (Eureka), Ogden, Omaha and East.

## THE DAILY JOURNAL

Is the best daily paper published on the line of the Central Pacific Railroad, east of Sacramento, and having a general circulation throughout the State. It is especially valuable as an advertising medium.

THE DAILY AND WEEKLY JOURNAL, has a combined circulation larger than that of any other journal of Nevada, excepting those on the Comstock.

THAT OPIUM REPORT.—Says the Carson Tribune of the 13th:

The Grand Jury of Ormsby county, with an exhibition of very much new, appointed Mr. Wm. H. Corbett on the committee concerning the opium smoking question, and his report, published recently in the Nevada Tribune, is not only convincing but exhaustive. The dictum of the report is just what might have been expected from the large trained little man who penned it. It ought to be kept among the county archives and submitted to the next Nevada Legislature as a sermon containing sound sense, sound logic and explanation of what the people want and must have.

45 Years before the Public  
**THE GENUINE**  
**DR. C. McLANE'S**  
**LIVER PILLS**

are not recommended as a remedy for all the ill's that flesh is heir to, but in afflictions of the Liver, and in all Bilious Complaints, Dyspepsia, and Sick Headache, or diseases of that character, they stand without a rival.

### ACUE AND FEVER.

No better cathartic can be used preparatory to, or after taking quinine. As a simple purgative they are unequalled.

### BEWARE OF IMITATIONS.

The genuine are never sugar-coated. Each box has a red-wax seal on the lid, with the impression, DR. C. McLANE'S LIVER PILLS. Each wrapper bears the signatures of C. McLANE and FLEMING Bros.

REMEMBER, upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by FLEMING BROS., Pittsburgh, Pa., the market being full of imitations of the name McLane, spelled differently but same pronunciation.

### INVALIDS

### MISCELLANEOUS.

#### BISHOP WHITAKER'S SCHOOL FOR GIRLS, RENO.

This School has been in successful operation for three years and a half and has become well known throughout the State. From the time it was first opened until now no pains have been spared on the part of those who have it in charge to make it a success.

#### FIRST-CLASS SCHOOL.

Most worthy the confidence of those who have taught us to be educated. And these efforts have been successful. It gives us pleasure to say that although the number of scholars is not so great as before, yet the reputation of the School is now in better condition than it was ever before. It is now in more than ever before, worthy of patronage and support.

#### TEACHERS.

Miss Kate A. Hill, the first Principal returned and resumed her position at the beginning of the last term, to the great satisfaction of every scholar and friend of the School. Miss L. B. Graham has also returned, and with Miss Hill will be re-erected and numbered with the others. Miss Anna Quigley, a teacher of music, is in full well and favorably known. She need any encouragement from us. In addition to these the Rev. Mr. Denney Missus is a Woodford, and Misses Briscoe, three thoroughly competent teachers have been employed during the past term, in addition to the staff of teachers which we have, whenever the wants of the School may require it; but with thirty five girls in the number of students attending the last term, six teachers are amply sufficient to do full justice to every scholar while especial attention is given to the

#### Common English Studies.

And to the health and good manners of scholars, there is nothing more fully intended for acquiring all the acquirements of a

#### HIGHER EDUCATION.

One admirable feature of the School is that lessons in Free Hand Drawing, Singing and Penmanship are given gratis, to the pupils without extra charge. Calligraphy and Physical Training are free due attention. But the best feature of the school is that it is a

#### REFINED CULTIVATED CHRISTIAN HOME

It is in the formation of a pure woman's character in its pupils that its best and most enduring influence is to be found. There are few who are long connected with the school who do not show the effect of this influence upon their character and habits. The charges are as low as they can reasonably be paid.

#### 8:300 A. M.

Pay for Board and tuition in all the English studies. Books and Writing are charged at the actual cost. An additional charge is made for private lessons in Music, Drawing or Modern Languages.

#### THE NEXT TERM BEGINS ON THURSDAY,

JANUARY 8, 1860.

Letters of inquiry and applications for admission should be made to

MISS KATE A. HILL,  
BISHOP WHITAKER,  
Virginia City, Nevada.

#### O. LOWMYER

## THURMAN AND TILDEN.

As between Tilden and Thurman there should be no hesitancy on the part of every good Democrat in instantly making known his preference for the Presidential nomination from the Cincinnati Convention. There can be no comparison drawn between the two which will not redound to the credit of the Ohio Senator, the noblest Roman in all the party. Thurman stands before the country one of its ablest and most honest public men. With the exception of his wavering on the currency question a few years ago, not another stain rests upon his public or private character. To Thurman (with Edmunds) is the country indebted for the first legislation against railroad conspirators. To Thurman we of the Pacific Coast owe a debt of gratitude for his position on the Chinese question. And, in every respect, if the country is to have a Democratic President, of all Democrats, he is the man for the place. Neither Haurook, Hendricks, Bayard nor Jewett, could secure one hundredth part of the Republican voters who would vote for Thurman. But the bar'l will likely beat him, and Sammy the cypher-fraud, income tax evader and railroad wrecker, out of a feeling of mistaken sympathy, probably head the ticket.

## NOTES.

Sharon has our permission to resign. Senator Cassidy, of the Sentinel says since the days of Woodburn none of Nevada's Representatives have been heard from. Which suggests: What did Woodburn do, or what would Cassidy do?

The Tuscarora Times-Review believes Tilden the choice of three-fourths of the Nevada Democrats. If nominated three-fourths of all the voters in the State will vote for the Republican nominee.

E. Blennerhassett will, we are told, be a candidate for the Democratic nomination for Congressmen. Casually could have the nomination but he shows his shrewdness by not wanting it. Blennerhassett might as well be sacrificed as anybody, although McEwen would be a good lamb.

Tilden has made up his mind that a large part of the South will be equally hostile to him or his candidate, and it is admitted that if he does not run himself, he means to name the man. He has therefore made up his mind to do without the Solid South, and holds that the Democrats can carry Northern States enough to make up the deficiency. It is remarked by Tilden men that to carry California, Oregon, Ohio and Wisconsin would give them forty-one in exchange for the Southern States that may be surrendered. They count, of course, on New York, Connecticut, New Jersey and Indiana being Democratic, as before.

A proposal has been broached to introduce a bill in Congress increasing the number of Justices of the United States Supreme Court to fifteen. The Democrats generally oppose the passage of such a bill until after the next election. They wish, in the event the bill becomes a law, that the Justices shall be named by a Democratic President. Others favor the immediate enactment of the law, permitting President Hayes to make the appointments and allowing the Senate to reject the nomination of partisans.

The Enterprise says the Alexander mine is about being purchased by Alonzo Hayward and W. S. Hobart for \$1,000,000. The owners—it is said—have agreed to take this price, and all funds have gone to San Francisco to complete the trade.

The New Orleans Picayune says that there is a great deal of sentiment in the South favorable to the ex-President, and strongly reaffirms its belief that it would be unwise for the Democrats to nominate Mr. Tilden a second time.

Robert S. Douglas, son of the late Stephen A. Douglas, believes that the ex-President could carry South Carolina, Florida, Virginia and Louisiana if he were nominated. Douglas is a United States marshal for South Carolina.

The Denver News, the leading Democratic paper of Colorado, says that on a sound platform that State can be carried by the Democrats with a majority of 3,000.

The Rochester Express has interviewed a number of prominent Germans of that city and finds that the majority of them favor the third term.

Colored citizens of Kentucky are circulating a petition for the striking out of the word "white" in the State jury laws.

## DEMOCRATIC BLUNDERS.

The Chicago Times, a Democratic paper of great power in the Northwest, has reviewed the record of Bourbon stupidity from the Missouri compromise down to the present time, and presents to the public the following formidable list of Bourbon blunders during that period. It has evidently overlooked some of an important character; but these will suffice for the present:

Blunder 1. Repeal of the Missouri compromise.

Blunder 2. Attempt of the Buchanan administration to establish slavery in Kansas.

Blunder 3. Rebellion of the Southern half of the party.

Blunder 4. Manifestation of sympathy by the Northern ramp with their Southern confederates.

Blunder 5. Opposition by the Northern ramp to the emancipation policy.

Blunder 6. Hostility to the war policy manifested in the peace programme of 1861.

Blunder 7. Re-embrace by the Northern ramp of their Southern confederates after the war.

Blunder 8. Opposition to the political enfranchisement of negroes.

Blunder 9. Opposition to the war amendments of the Constitution.

Blunder 10. Opposition to the candidacy of Grant for President.

Blunder 11. Party solidification of the South on the old pretense of State sovereignty and "the white man's government."

Blunder 12. Rejection by the Solid South party of Hayes' conciliation policy.

Blunder 13. Attempts to re-open the Presidency squabbles by the Potter inquisition.

Blunder 14. Southern war claims raised on the National Treasury.

Blunder 15. Espousal of the Greenback flat money programme of national fraud.

Blunder 16. The reactionary programme to "wipe out" the national election laws and other legislation of the war.

Blunder 17. The extra session to carry forth that reactionary programme.

Blunder 18. Ratification and fulfillment of Executive insurrections in Louisiana and Florida, and attempt to commit like usurpation in Oregon.

Blunder 19. Perpetration and defense of like Executive usurpation in Maine.

## THE BONANZA MINE TRANS. F.R.

The San Francisco correspondent of the New York Herald telegraphed the following under date of March 5th:

For some time there have been varied and contradictory statements about the sale of Mr. Flood's interest in the Bonanza mines, mills and mining stock to Mr. Mackay. The uncharitable have regarded the transaction as a mere transfer to avoid payment of the tax provided for in the new constitution, as Mr. Mackay is a resident of Nevada. From that gentlemen I learned these facts some days ago, when I had a free conversation with him. Mr. Flood is in excellent health, but for two years past has been overworked, and has during that period resolved to close altogether the mineral resources and products of the whole country than is possible under existing law. To-day he wanted to be free from the excitement or "the market," and it a proposition came to him worth \$1,000,000 for one hour a day for a week he would not look at it; he "had no time," and having already enough money could not be induced, under any circumstance, to continue the racing business. His associate, Fan, was in impaired health, and could not with safety live on the Comstock, but Mackay was in robust health, active, full of vitality, loved his profession, knew the value of the property, was full of confidence in its future and was the proper person to take it. It would not be strange should Mr. Fan follow Flood's example and sell out to Mackay. It is not true that Fan has still return from China about the 20th of April and would be absent seventy-two days. On his return Mackay will visit his family in Paris and be absent some months.

MR. FLOOD DEVOTES HIMSELF TO BANKING.

Mr. Flood has taken his son into partnership, and they together form the firm of J. C. Flood & Co. He is initiating the young man into his business affairs, making him acquainted with all his transactions and estate, having invested \$2,500,000 in bonds for his daughter, thus providing a handsome income for her. The balance of his wealth remains to himself, his wife and son. In the meantime he will give his attention exclusively to the Bank of Nevada and its branches. He has not a share of mining stock of any kind today. His interests in the water stocks of Gold Hill and Virginia, the lumber and wood stock have all passed into the hands of Mr. Mackay. This change creates great interest here and inspires confidence, as Mackay's thorough practical knowledge and his greater control will doubtless be for the better. The great Comstock mines are virtually his.

THE NEVADA CENTRAL RAILWAY — A

correspondent of the Winnemucca Silver State writes the following from Battle Mountain about the business of the new road:

The newspapers of Nevada, particularly the local press, have had much to say about the traffic on the Nevada Central Railroad, what a lively and plying business it is doing, etc. The facts are these! There have only fourteen loaded cars left Battle Mountain station on the narrow gauge from the 1st to the 9th instant inclusive, and eight or nine of that number were loaded with material for the company. There certainly cannot be much profit in that, but it is hoped the road will gradually make business.

The managers of the road are trying to reduce expenses, by reducing wages of employees of the company. This week the wages of carpenters have been cut down to \$2.25 and \$2.50 per day, and of yard men to \$1.50, except the yardmaster, who gets \$2.50.

## THE FALL CAMPAIGN.

[Carson Appeal, March 12.]

The Senatorial contest will occupy its full share of attention in Nevada, provided moneyed men condescend to enter the lists. Notwithstanding that Sharon professes to be willing to resign out of respect to the wishes of his constituents, it is looked upon as nothing more than a blind, and it is believed he will run, with the intention of making his old name sake fight. In case he shows his head, however, it is not improbable that the Bonanza firm will put a somewhat more plethoric purse in the other side of the fight. Should these two moneyed powers take a hand in the game, those who expect to make enough money in each campaign to last until the next, will be in a paradise for the time being. It is not probable that Jim Fair will run as his health would not stand the excitement. It is reported that Curt Hillier will get the benefit of Bonanza backing, and in that event Sharon would stand but little show, as he cannot raise the pot as high as the B. F. may see fit to. If Sharon and Hillier should not run, the fight would resolve itself into a scramble or the olice between B. M. Daggett, William Woodburn, Tom Wren and Judge Whittam, with Daggett and Woodburn leading.

The railroad fight will be the main issue in the late campaign. The experience of 1877 is still fresh in the minds of the untrained public, and the voters of Nevada will not fail to profit by the sorry lessons of the past. In each county the utmost pains will be taken to send a host of men to the Legislature who can neither be bought nor bullied into submission by the railroad companies. The indignation so publicly expressed after the adjournment of the Legislature at the course of certain members, will tend to act as a check upon future corruption, and the careless selection of candidates will be avoided.

There is a decided anti-railroad majority in the State, and there is no reason on earth why a Legislature cannot be sent to Carson which will legislate for the people and not the monopolists. If Sharon runs he will back a class of men who are for Sharon first and the railroad next. If he succeeds, all hopes of securing any anti-railroad legislation might as well be abandoned by the people.

## The Geological Survey.

Mr. Clarence King, Director of the Geological Survey, has written a letter to Senator Davis of West Virginia, chairman of the Senate Appropriation Committee, taking ground in favor of the House joint resolution proposing to authorize the extension of the geological survey into the States, which he thinks necessary to the full development of the mineral resources and products of the whole country than is possible under existing law. To-day he wanted to be free from the excitement or "the market," and it a proposition came to him worth \$1,000,000 for one hour a day for a week he would not look at it; he "had no time," and having already enough money could not be induced, under any circumstance, to continue the racing business. His associate, Fan, was in impaired health, and could not with safety live on the Comstock, but Mackay was in robust health, active, full of vitality, loved his profession, knew the value of the property, was full of confidence in its future and was the proper person to take it.
